

# Sausage Pile

1 lb Turkey Sausage

1 lb Hot Sausage

4 – 5 large potatoes, diced into bite size squares

1 Yellow Pepper, sliced

1 Red Pepper, sliced

1 small onion, sliced

1 Orange Pepper, sliced

Olive Oil

Salt & Pepper

Oregano

Heat 1 Tbsp of olive oil in a skillet on medium heat and add sausage. Cook till full cooked, about 10 minutes. Place on a cutting board to cool, then slice. In the meantime, place the diced potatoes in the same skillet you just prepared the sausage in. Season with salt, pepper and oregano. If more olive oil is needed, go ahead and add another tablespoon or two. When potatoes are cooked, place in a dish to keep warm while peppers now cook.

Finally add the peppers. Cook until soft while adding the onions half way through.

Add the sausage and potatoes back in the pan to warm, then serve and enjoy!
