

Turkey Sausage Skillet Meal

1 package Hillshire Turkey Sausage

1 box Garlic Couscous

Assorted fresh veggies of your choice – cleaned and cut

Olive Oil

Seasonings

Slice sausage into bite size pieces, and place into skillet drizzled with a little olive oil. Start cooking on medium heat. As the sausage cooks, place all the veggies into skillet. Place your favorite seasoning on the veggies. I use Pampered Chef Seasoning Salt and about a tsp of fresh garlic. Place lid on skillet and continue to cook until veggies are tender. Stir every few minutes. While waiting, prep the couscous according to the package. Once prepared, and veggies are cooked, dump couscous in with the sausage and veggies. Your meal will be ready to eat.
